

K-LOVE radio is the only radio I listen to. There are many in my community who also listen exclusively to K-LOVE. We get encouraged as well as entertained, and our faith is strengthened every day. There is an important message to deliver to my community, and I know for certain there are many who appreciate K-LOVE the same as I do, we value our radio station greatly and would be very disturbed to have it replaced with anything else. Please keep our radio station (K-LOVE, heard on 91.9, 99.3 and 89.5 in my area). Don't allow the LPFMs to replace it.
